Other Clubs and Tenures: _____

Receiving and Returning Information

Important information regarding applications:
If more space is needed for answers, separate pieces of paper may be used.

Nominees and/or nominee sponsors are encouraged to submit support material with the entry form. This may include photographs of the nominee's home garden; club or community projects on which she/he has worked; and any other relevant information such as newspaper articles or awards.

All materials should be organized and submitted within a standard 3-ring binder. Though Navlet's will make every reasonable effort to return complete submittal packets, it is strongly recommended that no original articles, awards, photographs, etc. be sent if they cannot be easily replaced. Navlet's makes no pledge to replace or compensate for lost, damaged, or stolen materials.

Thank you for your interest in Navlet's Garden Centers, Bert A. Bertolero Award, and good luck!
